JANUARY 1976

Highlights

CANCER: The Disease of Our Age

There are other killers: heart ailments and bronchial afflictions cripple and destroy. But no other disease causes the same terror as cancer.

Other historical periods have had their particular deaths. Plague raged in the middle ages; tuberculosis appeared in the workshops of the industrial era. Cancer rode into our consciousness with the century.

We are possessed by the imagery of cancer: cells gone berserk, multiplying themselves uncontrollably, ravaging the rational structure of the body.

These programs about cancer were produced by Paul McIsaacs at WBAI — Pacifica, New York. They examine what happens when people get cancer; they explore the medical and scientific aspects of treatment; they investigate current research.

This series is not an attempt to deal with every aspect of treatment and cure. There are many controversial cancer therapies that these programs do not cover.*

Given the great variety in program times we have tried to schedule in a fairly cohesive fashion. We suggest you check specific listings on Tuesdays and Thursdays at 2pm, Wednesday evenings following the concert, and Fridays at 7pm. Many of the programs will be listed at those times.

**On "Come to Life" on Sunday mornings, Herschel Lyman and guests will be discussing new therapies throughout the month. —ed*

The Central Intelligence Agency

In our continuing search into the labyrinths of what is termed the "intelligence establishment," we bring you a teach-in style conference held in the spring of 1975 at Yale University. Some of the most outspoken participants were ex-officials of the various national security agencies, and familiar voices to KPFC listeners.

In addition to operating four stations and adding a new one this spring in Washington (WPFW-FM), Pacifica maintains a program distribution service that sends the work of its stations to affiliate radio stations throughout the country.

Occasionally this process is reversed, and the affiliate station produces a program or series that is made available to the Pacifica Stations. The series on the CIA comes from WWUH-FM in Hartford, Connecticut. Specific program listings appear in the Folio on Tuesday and Thursday afternoons at about 3pm and Monday evenings at 7pm. Rebroadcast times are indicated in the listings.

MUSIC IN A NEW FOUND LAND

Here is the hospitality which for ever indicates heroes. Here the performance, disdain the trivial, unapproached in the tremendous audacity of its crowds and groupings, and the push of its perspective, spreads with crampless and flowing breath, and showers its prolific and splendid extravagance.

—Walt Whitman

It is easier to sail many thousand miles through cold and storms and cannibals than it is to explore the private sea, the Atlantic and Pacific Oceans of one's being alone: herein are demanded the eye and the nerve.

—Henry David Thoreau

These quotations, from two of America's great 19th Century literary figures, outline for me the two poles of the American musical experience. The sheer size and sweep of the new land and the diversity of its settlers demanded an all-embracing universality, but pioneers (in whatever sense) are first of all individuals, and often lonely ones at that. The working-out of this conflict among the practitioners of the sonic arts for the past 250 years or so is the subject for a series of programs I have titled *Music In A*

New Found Land, after the perceptive and illuminating book of the same name by the English musicologist Wilfrid Mellers. Throughout 1976 you'll hear music by some well-known names — Charles Ives, Aaron Copland, George Gershwin — and some (undeservedly) not-so-well-known — William Billings, Anthony Philip Heinrich, Henry Cowell. Music, being a more technical art than literature, did not reach its full flower on these shores until the 20th Century; therefore with respect to quantity there will be more music of the last 60 years than of earlier periods. But the unique and highly pleasurable contributions of Stephen Foster, Louis Moreau Gottschalk, Edward MacDowell, and even John Philip Sousa and Victor Herbert will not be neglected. I hope that by listening you will be educated, entertained, and maybe even enlightened.

David Cloud
Music Director

ALAN WATTS

In 1959, Alan Watts began the first series of lectures in the media on Philosophy East and West on KPFA in Berkeley and broadcast on KPFC.

We are pleased to rebroadcast this series beginning this month at 8am on Saturday mornings at 8:00. The fact that these lectures are as vital and interesting now as they were 16 years ago attests to the timelessness of his message.

PREACHIN' THE BLUES

In 1966 when I left England to make my home in the United States, high on my list of reasons was the desire to get closer to the source of the music which had taken such a hold of me in the previous few years — the blues. In the ten years since then, I have travelled all over the country collecting records, meeting and listening to performers of the blues and gaining many happy and exciting memories.

In my regular program I hope to share some of this absorbing love of the music with my listeners as well as demonstrating the profound depth, beauty and sophistication which is a part of this uniquely Afro-American folk music form.

In the past I have featured live guests from time to time who talk about their lives and music and perform in the studio for my listeners. These guests have included such fine performers as Johnny Shines, Thomas Shaw & Eddie Taylor and I hope to continue this feature in the future.

FRANK SCOTT

(Preachin' the Blues is now being broadcast at a new time—Monday nights at 10pm.)

TRANS

Clearly, there is something going on. Pyramid energy, holistic medicine, the search for lost continents, meditation, esoteric schools and symbols both east and west, yoga, I Ching, astrology, systems seeking the cosmos in man or vice-versa. Myths are fast becoming reality in our lifetime: mind controlling body functions, psychic powers, photographs & experiments with energy fields in plants, animals and man. Physics and metaphysics are proving to be complimentary faces of the same coin and the urgent need for individual and societal transformation is felt by materialists and spiritual aspirants alike.

With this proliferation of "new consciousness" in every field, it's often hard to keep one's head above water (no, friends, we are not predicting The Earthquake. . .) as well as a sense of beauty, a sense of purpose, a sense of humor and one's balance.

TRANS first went on the air in April '73 "dedicated to the exploration and celebration of the emerging 'new consciousness.'" We continue to do so Saturday mornings 8:30-9:30. For January: the upcoming International Cooperation Council Festival, dedicated to the memory of our friend and co-worker Karl Heussenstamm, historian William I. Thompson, Sufi Reshad Feild, archaeologist Maxine Asher of the Ancient Mediterranean Research Association and the last Saturday of each month is open for unexpected guests, new friends and delightful discoveries. Please join us.

AMANDA FOULGER

(Two of the month's TRANS programs are regularly rebroadcast on the first and third Fridays at 2pm.)

SUBSCRIPTION DRIVE PREMIUMS.....

As of press time, December 5, about 1/2 of the Subscription Drive premiums have been sent out. Most of them will have been mailed by the end of the month and nearly all by the end of January. We are doing our best to get your premiums to you as fast as possible. Thanks for your patience.

FOLIO COVER

The Folio cover is a portrayal of a view through a microscope, a late 20th Century Western American Impressionistic-Rational-Intuitive School of Romantic ART demonstrating a radical view of the integration of the two main themes this month. Thanks to Mary Ann Indreland for the drawing and to the Editor for the conception.

SUBSCRIPTIONS

BILLING

Members of the 3729 Club and those being billed monthly: the computer will bill you when you are due. PLEASE wait for a bill. Returning the bill with your payment will insure crediting your account correctly, and save us the labor and expense of looking up your account to see what went wrong.

Sending in a payment without a bill or renewal form costs more to process than the cost of printing and mailing the form to you. If you do not receive a bill when you think you should, drop us a card about it, and we'll check out the account. You may be paid ahead or may not be down for periodic billing.

MOVING

The FOLIO will NOT follow you automatically when you move. It will be returned to us with your new address on it--after a couple of weeks--and we will change your address but probably not in time for the following FOLIO. So if you don't want to miss a month, fill out the change of address coupon on page 15. If we receive it before the middle of the month, you won't miss one Folio. (We get 500-1000 address changes a month, so your advance notice saves us lots of postage charges and helps keep us on top of things.).

RENEWAL AND MAILING--UPDATING PROCEDURES

The Folio is now being mailed between the 15th and 20th of the month. If you have been on the machine-labeled mailing list, have not moved recently, and are not lapsed, you should receive the Folio before the first of the month. If you don't (and do not have an outside ripoffable mailbox) contact your local Postmaster about delivery.

First renewal notices are sent out one month ahead of expiration. You will receive your last Folio with the second renewal notice about the beginning of the month your expiration date is up. This allows you to respond before the 2nd Wednesday of the month.

2nd Wednesdays are the key dates in subscription processing as anything processed by then is sent up to the computer, and all up-dated bills, renewals, and the Folio mailing list for the next month are printed and returned to us the following Monday. Folios are addressed and mailed by the end of that week.

As you can see, an address change or payment received by the 2nd Wednesday will take effect the next month. One day later, the same information will appear one month later.

ANNOUNCEMENT TO ALL BLIND KPFK SUBSCRIBERS

The Folio is available on cassette tape (returnable) to all blind subscribers to KPFK. If you would like to receive the Folio in this form, please tear off the address label on the back of your Folio and send it along with a note stating that you would like to be on the special blind mailing list. Within two months (hopefully) you will be receiving your complete program guide on cassette.

NEW GROUP HEALTH PLAN

CCC's group health plan with Blue Cross incorporates the best features of the high option program together with additional benefits not offered to the general public.

KPFK 3729 Club members are eligible as members of CCC to apply for this group insurance plan. One of the greatest reasons is the cancellation clause. The individual plan coverage can be terminated at any time by the company, whereas with the group plan, no one is cancelled unless the group is cancelled.

Other advantages of this coverage are the \$100 deductible compared to the \$200 deductible for the individual plan; shorter waiting period for a pre-existing condition; 100% of the first \$500 expenses if an accident occurs versus only 80% of the cost to \$300 for the individual plan. PLUS, the CCC group plan offers major medical coverage up to \$300,000.

Applications are available from CCC Membership Services for all KPFK 3729 Club members in good standing.

CCC GROUP LEGAL PLAN

How much is it worth to you to be able to pick up the telephone and get competent legal advice on a problem that has been bugging you? Everyone knows how expensive a lawyer's fee can be. In fact, many times legal recourse is not sought because of the high prices expected.

For an annual fee of \$25, CCC's Legal Services Plan provides members with unlimited telephone consultation, half hour office visits, letters and/or telephone calls made on member's behalf when appropriate—all at no charge. In addition, should a case evolve from the problem, the charges are lower than the normal fees charged for legal work.

Some of the areas covered include wills and trusts, leases, homestead, landlord/tenant, contracts, corporations, dissolution of marriage, adoptions, change of name, bankruptcy, criminal and civil trials. Not covered are patent law, admiralty law, Selective Service, preparation of income tax returns and minor traffic violations.

For applications, contact CCC Membership Services at 403 W. 8th St., Suite 303, Los Angeles, CA 90014, telephone (213) 624-3961.

YOUR KPFK CARD IS YOUR CCC CARD

Several 3729 Club members have called CCC lately to ask if they had a CCC membership card. The answer is YES!

The KPFK 3729 Club plastic membership card, which is returned

to members upon receipt of their registration forms, is assigned and sent to them by the Community Consumers Council. Members are advised to look closely at the back-ground of the card to see the very small "c's" printed there.

Temporary cardboard cards are sent to new and renewal members along with the registration form. These cards will be honored only for 30 days and then should be replaced by the plastic card.

If you haven't received your regular plastic card, phone KPFK to find out why.

When calling CCC Membership Services, have your CCC/KPFK 3729 Club card handy. You will be asked for the number during the call. Your card is non-transferable and must be current.

FILM OF THE MONTH CLUB

THE GREAT FILM OF THE MONTH CLUB HOAX!

EDITOR: Well, do you have a film for January?

MOMMY: January!! But it isn't even December yet!

EDITOR: Press time is December 5.

MOMMY: But we haven't even shown our two December films yet, *Black Moon* is over a week away and *The Magic Flute* a week after that.

EDITOR: Press time is December 5.

MOMMY: You can't do this to me, the 3729 Club Members will be mad if we can't announce the film in the Folio again.

EDITOR: The subscribers will be mad if their Folio is late again, and this is Christmas mailing time. So press time is Dec. 5—what can I say.

MOMMY: The usual—tell them to listen in, that announcements will be made for a week before reservation time with great frequency and always before the morning news, evening news, and monotone news, and think of an apology of some sort.

EDITOR: Don't worry, they'll be so pleased to get their Folios on time despite the Christmas mail

MOMMY: Wanna bet?

EDITOR: Should I tell them to call 985-5735 to make reservations and that they can send a stamped self-addressed postcard or envelope if they want a written announcement about the January film?

MOMMY: Yes, Boy you sure write clever dialogue.

**THE WORLD'S ZANIEST
AGENT IS BACK AGAIN!**

**COMING
DEC. 31**

**EVEN FUNNIER
THAN THE
FIRST ONE!**

Last year one of the finest comedies in a long time came out of France called "THE TALL BLOND MAN WITH ONE BLACK SHOE," and introduced a zany new comedian, Pierre Richard. Directed by Yves Robert, the film received unanimous raves but only in a few places did the word get out to a wide audience.

Now Richard and Robert have teamed up again in "THE RETURN OF THE TALL BLOND MAN." And they have proven that a sequel can be just as funny as the original.

In its short time in release critics have called "THE RETURN" even funnier than the original and have compared Richard with everyone from Jacques Tati to Peter Sellers. In this one the madcap Richard proceeds to drive the CIA completely bananas. It doesn't matter if you didn't see the first one, "THE RETURN OF THE TALL BLOND MAN WITH ONE BLACK SHOE" is a brand new evening of insanity.

7:00 ERNEST DE MAIO

This CIA critic and U.N. representative from the World Federation of Trade Unions warns that our "slow and cumbersome" democracy is being shelved to benefit corporate giants who have pushed us into war and idled millions of workers. Despite such strong-arm tactics on behalf of the power structure, DeMaio says monopoly capitalists have lost the battle for people's lives and that we can bring back government for the people and for peace. (Rebroadcast Thurs., 15th, 3pm).

7:30 MARK LANE

Veteran critic of the Warren Report and chief spokesman for the Citizens Committee of Inquiry, Lane asserts the conspiracy that ties Dallas to Watergate can be cracked this year if the American people exert enough pressure on Congress. (Rebroadcast Thurs., 15th, 3:30pm).

2:00 THE SEARCH FOR THE CANCER CURE

Dr. Robert Pollock is a biologist at the Cold Springs Laboratory. He takes us on a tour of the cell and describes various types of research being done. He states that the environment causes approximately 80% of all cancer, yet little if anything is being done about that now obvious fact. He asks, "Do we, as a country, really want a cure for cancer?" (Rebroadcast Wed., 14th, 9:45pm).

3:05 KIRKPATRICK SALE

The author of "SDS" charges illegal domestic operations have been going on since CIA's earliest days to preserve its bureaucracy, impose state (official) repression, and assist the corporate machinations of transnational corporations. (Rebroadcast Mon., 19th, 7pm).

3:35 JOHN MARKS

Marks, a former intelligence advisor to the U.S. State Department, reminds us that every U.S. city over 50,000 population has its own "red squad" and intelligence files — over a million dossiers in the New York Police Department's Special Service Branch, and he compares the CIA to a giant corporation. (Rebroadcast Mon., 19th, 7:30pm).

7:00 HAZARDS IN THE WORKPLACE
Many of the materials an artist works with are carcinogens. The process of experimentation can release dangerous carcinogenic gases from otherwise safe materials. Proper safety precautions are rarely taken. A collection of interviews identifying harmful substances such as paints, dyes, darkroom chemicals—and recommendations for a safe workplace are given. (Rebroadcast from Jan. 15).

2:00 WOMEN AND CANCER

Cancer is the leading cause of death
in women 25-64 years old, with breast
cancer being the most common cause of
death in women in their forties. And, as
a group, Jewish women have the highest
incidence of breast cancer. Yet 85% of
all women so afflicted are alive and well
5 years later. What is the medical pro-
fession doing to discover the disease in
its early stages and how can one find the
best health care? These and other ques-
tions are discussed (sometimes heatedly)
by a panel of five experts. (Rebroadcast
Wed., 21, 9-10pm).

3:05 FLETCHER PROUTY

A former defense liaison officer
to OSS, CIA and author of "The Secret
Team," Prouty warns the CIA has ex-
ceeded its authority and compares the
murder of Saudi Arabia's King Faisal to
assassinations like those of Iran's Mossadegh,
Vietnam's Diem and JFK. (Rebroadcast

FOR SALE: 34,000 SQ. FEET OF STEREO.

It's for two very worthwhile causes. KPFK community-funded radio and you.

The KPFK Audio Bazaar. Great stereo equipment sold for a fraction of its original price. Brands like Teac, JBL, Pioneer, Shure, and Marantz.

It's from noon to 10 p.m. on January 23, 24, and 25, at the Great Western Exhibit Center in the City of Commerce. Take the Atlantic Blvd

exit off the Santa Ana Freeway
Ask the experts.

It's a one-stop, blister-free way to talk to the smart people from Pacific Stereo, University Stereo, Shelley's, Federated and more. They're there to answer your questions. And, sure, do a little business.

The buck starts here.

Your dollar gets you into the bazaar. Then it goes to expand and

improve community-funded KPFK (90.7 FM). So does all the money collected on the new and used sale items and 10% collected on the regular items.

So, if you're for good music, no commercials, fascinating literature readings, and outstanding journalism, put your money where the sale is.

The KPFK Audio Bazaar. Buy some stereo, get a free radio station.
